NEWS from YOUR COUNTY HOME DEMONSTRATION AGENT TEXAS EXTENSION SERVICE

SUGAR-LESS, LESS-SUGAR AND HONEY RECIPES

Honey Bran Muffins (By Mrs. Milton Leinweber, Leinweber Home Demonstration Club)

- 1 1-4 c. sifted flour
- 1-2 t. soda
- 4 T. honey
- 1 egg, well beaten
- 1 c. bran flakes
- 1-2 t. double acting Baking Powder
- 1-2 t. salt
- 3-4 c. sour milk or buttermilk
- 3 T. melted butter or other shortening

Sift flour once, measure, add baking powder, soda, and salt, and sift again. Combine honey, milk, egg and shortening. Add to flour, beating only enough to dampen all flour. Add bran flakes. Bake in greased muffin pans in hot oven twenty-five minutes. Makes ten muffins.

Honey Angel Food Cake (By Mary Reed, Uvalde County Home Demonstration Agent)

- 1-2 tsp. salt
- 1 1-2 c. egg whites
- 2 tsp. cream of tartar
- 1-2 tsp. vanilla extract
- 1-2 c. strained honey
- 1 c. granulated sugar
- 1 c. sifted cake flour
- 1-2 tsp. almond or lemon

Place an ungreased 10" angel cake pan in your electric roaster. Turn temperature control to 425 F. Meanwhile add salt to egg whites and beat until foamy. Sift cream of tartar over surface of eggs, and beat until whites will hold shape. Gradually beat in honey. Sift together the sugar and flour 4 or 5 times, and fold, lightly and quickly, by thirds into mixture using wire whip or spoon. Fold in flavoring. Remove the heated angel-cake pan from the roaster, and pour cake batter into it. Thump the pan several times on a flat surface, then bake on rack in the electric roaster at 425 F. for 22 to 25 minutes. When done remove the cake from the roaster and invert the cake pan for 1 hour on a cake rack or until cold. Remove from pan loosening cake with spatula. (This cake can be baked in a range oven using same temperature and time period.)

Honey Sponge Cake (By Mary Reed, Uvalde County Home Demonstration Agent)

- 1 c. cake flour
- 1-2 c. sugar
- 1-2 c. strained honey
- 5 egg whites
- 3-4 t. cream tartar
- 2 T. boiling water

Sift flour and measure; sift sugar and measure. Sift flour, and 1-2 of cream of tartar together 4 or 5 times. Beat egg yolks until thick and lemon colored. Add sugar and beat well. Add honey and combine lightly. Add boiling water, a tablespoon at a time. Beat 1-2 minutes.

add flavoring. Add flour, about one fourth at a time. Beat egg whites, with 1-2 of cream of tartar till they hold shape; then fold into other mixture. Pour into tube pan and bake 50 minutes in a very moderate oven 300 degrees. When baked, invert on cake cooler and allow to cool before removing from pan. When cool run spatula around cake to remove from pan. It is best to line bottom of pan with ungreased paper. (Any topping can be used; but because of sugar shortage, none was used by the clubs.)

CLUB WOMEN LEARN SUBSTITUTES FOR SUGAR.

The Murphy H. D. Club met on Tuesday, June 9th at the home of Mrs. John Krenmueller. Seven members and Miss Hambleton were present. After a short business meeting by the members, Miss Hambleton gave a discussion on the use of syrups and honey as substitutes for sugar. The highlights stressed were: Honey ice cream and cakes made by the use of syrup. A refrigerator pudding containing whipped cream, orange rind, marshmallows, Graham crackers, cooked prunes and nuts was then prepared in the presence of the members. Miss Hambleton then explained fully how to secure some sugar for preserving and canning of fruits.

A few minutes were then taken to drift from the main topic of sugar to an explanation of inflation and how we can help prevent such by buying only what we absolutely need, conserving what we have, paying out present debts, and investing our savings in war stamps and bonds.

Refreshments consisting of honey ice cream, coconut cake made by the use of syrup in cake and icing and the refrigerator pudding were then served by Mrs. Krenmueller and Miss Hambleton.

HONDO H. D. CLUB MET

The Hondo Home Demonstration Club met at the home of Mrs. Alfred Schweers, June 10, with the Home Demonstration agent, Miss Velma Hambleton, and six members present. Mrs. A. E. Chandler and Mrs. D. Lester Baird were guests.

Plans were made for a picnic to be held in July. Miss Hambleton gave a very interesting talk on inflation. "Our Government is fighting inflation by increasing taxes, stopping credit, selling war stamps and bonds, establishing price ceilings, urging lower costs of business operation, rationing, and reducing business profits," said Miss Hambleton as she discussed present conditions.

Refreshments of cake, ice cream, and iced tea were served. Since the demonstration was on desserts, Miss Hambleton made them using karo and honey as sugar substitutes.

From where I sit...

by Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska.

Nebraska certainly is a great State, I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Plenty of wheatfields in Nebraska, too.)

But the thing that interests me most about Nebraska right now is the very important social experiment the beer people started there several years ago.

Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame beer wrongly for any misconduct of the customer or the proprietor in a place licensed to sell beer.

So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers...in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate bad conditions in the minority of places whose conduct would reflect on the law-abiding majority.

The beer people urge proprietors of retail places to conduct them properly and to obey the law. They urge consumers to cooperate, and ask the public generally to report law violations to the authorities. They send warnings to careless retailers and if conditions are not corrected they take the case up with the authorities. Naturally the authorities and the public have welcomed this as an added force in building respect for law and order.

That program is now operating in many states—and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somehow, to me, that's a mighty important, public-spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

DISTRIBUTOR-OF-THE-MONTH AWARD WINNERS

LOCAL PEARL BEER DISTRIBUTOR WINS STATEWIDE HONORS

Laurels have been won by the Hondo Bottling Works, which showed the highest percentage of increased Pearl Beer sales last month, over May a year ago, making it "Distributor-of-the-Month" for the State of Texas, according to a certificate of award received by its manager Bruno A. Scheweers, recently, from B. B. McGimsey, vice-president and general manager of the Pearl Brewery of San Antonio.

The local company's 42.2% increase for May, over the corresponding month of the previous year, led all distributorships in the statewide organization, according to McGimsey, and reflects the month-by-month, year-by-year increase in Pearl Beer's popularity which have continued uninterrupted since repeal in 1933. To meet this record of unbroken increases the Pearl Brewery has conducted a continuous program of expansion to meet the growing demand for Pearl Beer, and yet assure the public it will always get a fully-aged beer.

"We are proud of our record," Scheweers said in commenting on his receipt of the award, "and feel that it's a compliment to every member of our organization, a tribute to the fine quality of Pearl Beer itself, as well as to the Pearl Beer advertising carried regularly in this paper. As long as we back a fine product like Texas' Own Pearl Beer, which is itself backed by 56 years of continuous brewing experience, we feel sure that the people of Hondo and Medina County will enjoy saying, "Bottle of Pearl, please!"

Casper H. Rohrbach, Bruno A. Scheweers, mgr., and John William Hartman, left to right, co-workers in the Hondo Bottling Works which won the statewide "Distributor-of-the-Month" Award for the highest percentage increase in Pearl Beer Sales for May, compared with the same month of the previous year, of any Pearl Beer Distributor in Texas.

receipt of the award, "and feel that it's a compliment to every member of our organization, a tribute to the fine quality of Pearl Beer itself, as well as to the Pearl Beer advertising carried regularly in this paper. As long as we back a fine product like Texas' Own Pearl Beer, which is itself backed by 56 years of continuous brewing experience, we feel sure that the people of Hondo and Medina County will enjoy saying, "Bottle of Pearl, please!"

HONDO, TEXAS, JUNE 12, 1942

Washington Snapshots by JAMES PRESTON

America has won the first round in the battle of production. That's what Washington officials are saying. The statement of General Breton B. Somervell, Chief of the Army's Services of Supply, that "American industrial concerns are winning the war on the production front" is typical of comment here.

This does not mean, however, that danger is past. Officials are quick to point out that even though manufacturers have more than done their part to date, they must be prepared to make even greater contributions to victory. The war is by no means won.

That industrial leaders recognize this is shown by the fact that they have by no means relaxed their efforts to turn out more and still more of the materials needed to lick the Axis. Current production figures indicate that they are ahead of schedule on their output of many weapons and are continuing to break their past records in this respect.

WPB Chief Nelson's statement that one tank or airplane this summer is worth a dozen in 1944 indicates the stress that is being put on current production. Mr. Nelson has said that from now on this nation's industrial plant will make nothing but war goods. There is to be an absolute maximum of production in combat weapons.

This means that during the war no more new plants will be built—building them takes critical raw materials and labor away from armament manufacture. In place of new plants, existing facilities will be used to the utmost, and civilian manufacturing will be further curtailed to enable the consumer industries to turn more completely to war work.

In connection with the current discussions about wage control and inflation, it has been pointed out here that wages in manufacturing industries have increased more than the cost of living has risen during the past year.

Figures issued by the Bureau of Labor Statistics show that from March, 1941, to mid-March, 1942 average hourly earnings increased 16.1 per cent in all manufacturing industries. Average hourly earnings of workers rose \$0.9 cents.

During the same period, however, the cost of living increased 12.89 per cent.

In the opinion of officials who are familiar with all angles of this situation, such figures indicate the need for keeping wages from getting out of hand and contributing to an inflationary trend that would raise the cost of winning the war and play havoc with the national economy.

The Senate Patents Committee is continuing its work on a new patent bill providing for sweeping changes in the present patent system. The new bill is intended as a substitute for two other measures on which the Committee has been holding public hearings for two months.

Present indications are that this bill will not have the approval of the U. S. Patent Office. Commissioner Conway P. Coe has not been given an opportunity to testify before the Committee, but in previous testimony before the Senate Appropriations Committee he made it clear that he was not in accord with attempts to give a drastic overhauling to the patent system or to destroy the incentive for invention that has given America world leadership in producing new products to raise the general standard of living.

The Commissioner said he feared that the attitude of the Department of Justice and the Courts had given many inventors the impression that there was less security and value to be obtained from a patent than formerly was the case.

THE WAR

A summary of the past week's war events reviewed by The National Editorial Association Defense Advisory Committee in cooperation with the Office of Government Reports.

FOR RELEASE JUNE 9 1942

Pacific Fleet Commander Nimitz reported two and possibly three Japanese aircraft carriers and a destroyer were sunk, and three battleships, six cruisers and three transports were damaged in the battle of Midway Island. All planes on the two carriers definitely known to be sunk were lost, Admiral Nimitz said. One U. S. carrier was hit and some planes were lost, but casualties among the U. S. personnel were light, he said. Admiral King, Commander-in-Chief of the U. S. Fleet, said the enemy fleet has apparently withdrawn from the Midway area but battle maneuvers are continuing in the Hawaii-Dutch Harbor area. The Navy said the first Japanese attack on Dutch Harbor on June 3 resulted in few casualties and no serious damage, appearing to have been made "primarily to test our defenses." The Japanese planes which flew over the harbor six hours after the initial attack were "engaged solely in reconnaissance," the Navy said.

Gen. MacArthur reported within six days Allied naval and air forces sank seven and possibly eight enemy submarines, two heavily loaded armed supply ships and an armed transport and also badly damaged a 7,000-ton vessel. Allied losses in the Southwest Pacific were two cargo vessels. In air raids over Rabaul, Lae, Salamaua, Atamboca, Tulagi, Koepang, Dili, and Buna, 12 enemy planes were destroyed, one enemy tanker sunk, and runways, airfield installations and parked planes damaged. Three Allied planes were lost. The Navy said Allied merchant ship losses totaled 21 during the week, including nine U. S. ships.

Production
U. S. production of planes has reached the level of "nearly 5,000 a month" and by next year we will have reached the President's goal of 10,000 a month, the Senate Appropriations Committee announced. Army Air Forces Commander Arnold congratulated the Vega Aircraft Corporation at Burbank, Calif., on being six months ahead of schedule on production. WPB Chairman Nelson, after a tour of the automotive industry in Detroit, said American industry could "more than double present production by 1944." He also said the Government Synthetic Rubber Program would be able to take care of "all war production and essential civilian needs" by 1944. Despite the fact that almost twice as many light arms are required per man since the development of parachute troops, the Army has enough weapons to arm every soldier in the U. S., and all it can send abroad under present shipping conditions, War Under-Secretary Patterson reported. He said over-optimism regarding production schedules is unwarranted, however, because of rubber, nickel, and copper shortages.

A record total of 58 ships were delivered into service during May while 65 other ships were launched and keels were laid for 75, the Maritime Commission reported. This compared with 36 delivered and 51 launched in April. The President asked Congress for an appropriation of \$1,100,000,000 for the WSA to acquire and operate merchant vessels to carry American arms.

Federal agencies asked Labor-Management Committees in 800 war production plants to keep American workmen fit and healthy because sick and injured war production workers are now causing a loss of 6,000,000 work days every month. **War Declared Against Balkan States**
The U. S. declared war against Bulgaria, Hungary and Rumania. The President said the three countries previously declared war on the U. S. as instruments of Hitler, and currently they are engaged in military operations against the United Nations and are planning to extend those operations. The Justice Department said enemy alien restrictions will be applied against nationals of the countries in the United States. Assets of these countries have already been frozen.

Foreign Relations

The U. S. signed a Lend-Lease agreement with China, substantially the same as its aid to Britain, and proposed Lend-Lease agreements on the same terms with the Norwegian, Belgian, Polish, Greek and Netherlands Governments in exile. Lend-Lease Administrator Stettinius said under the joint control of the combined boards in London and Washington the resources of the United Nations are now in effect, one big pool with each nation contributing to the extent permitted by its resources and military position. Reciprocal aid from nations receiving supplies from the U. S. is providing material for American troops abroad without dollar payments, he said. The Agriculture Department reported 5 billion pounds of farm products were delivered to United Nations representatives between April 1941 and May 1, 1942.

The American Red Cross said it has aided almost 750,000 war victims in the Middle East and distribu-

relief material there, largely purchased with U. S. Government allocated funds. The State Department said 193 persons, including many U. S. citizens who have been awaiting passage in Sweden arrived in New York on the SS Gripsholm, and 10 Axis officials and approximately 930 Axis civilians sailed for Lisbon on the Drottningholm.

The Armed Forces

The House passed and sent to the Senate a \$3 billion supplemental Naval Appropriations Bill to provide 200,000 tons of submarines, 500,000 tons of auxiliary vessels, \$150 million for aviation plant facilities, and other funds. Chairman Vinson of the House Naval Affairs Committee said approximately 99 more combat ships will be commissioned during the remainder of 1942. Three more destroyers were launched. The CAA and the Navy completed arrangements to train 20,000 Naval Reservists as pilots at 600 CAA training centers during the coming year, if money is appropriated. U. S. Army training films, especially those showing mechanism and tactical use of U. S. equipment, are being recorded in universal Spanish, Portuguese and Chinese, the War Department said, for exchange with other members of the United Nations.

Civilian Supply

WPB Materials Director A. I. Henderson said vital materials can no longer be used except for war and maintenance of those things necessary to the war because from now on "it will be a continuous problem to provide materials to meet the needs of our fighting forces." The WPB said preferred applicants for new telephones cannot obtain service unless they prove the service is essential to the discharge of their responsibility for public health, welfare or security. The Board issued an order relieving from restrictions lumber deliveries for more than 100,000 of the most essential housing units now under construction. The FHA authorized its Field Offices to begin insuring to the extent of \$500,000,000 loans of private lending institutions for construction of housing war workers. A Food Requirements Committee, headed by Agriculture Secretary Wickard, was set up to control production and allocation of all civilian and military food supplies.

Rationing

All motorists will receive A books containing a year's base supply of 48 coupons under the new permanent gasoline rationing system which will be established in the East about the first week of July, OPA said. Supplementary B books with an additional 16 coupons will be issued to motorists who prove need for extra rations, providing they are members of a car pool. No unlimited privileges will be granted any one but C books containing 96 coupons will be issued to some motorists. S books for trucks and buses good for a four-month period, will cover just enough fuel for the mileage allowed in forthcoming ODT regulations. Motorcyclists will receive D books, good for 40 percent as much gasoline as A books. Under the new system service stations and distributors will be required to turn in collected coupons when purchasing new stocks. The OPA released about 10,000 bicycles to war production plants qualified to buy them for transportation of workers.

LIVESTOCK MARKET REPORT

Monday, June 8, 1942

San Antonio, June 8:—HOGS, Estimated salable and total receipts 900. The week's session found swine trade listed generally steady as compared with last week Friday. The day's top of \$13.50 took the bulk of Good and Choice 180-270 lb. butchers while similar grade 160-180 lbs. secured \$13.00-13.50. Various consignments 140-160 lbs. claimed \$12.50-13.00. Most sows scaling 400 lbs. and under cashed at \$12.25-12.50 with around 500 lb. weights down to \$12.00. Feeder pig demands continued fairly broad at \$12.00.

12.25 for Good and Choice 100-120 lb. weights with a few 130-140 lbs. up to \$12.50.

CATTLE: Estimated salable and total receipts 1,500; CALVES 1,800. Cattle trade was very slow in getting under way Monday when a large part of the run was late in arriving. Dealings on slaughter classes appeared about steady with late last week. A load of Choice 709 lb. fed heifers reached \$13.00. Common and Medium grass fat steers and yearlings changed hands at \$9.00-11.00. Load lots weighty mature grass steers made \$10.50-10.90. Canner grade mature steers of Mexican origin dropped to \$8.00.

Common to Good cows realized \$7.50-9.25 and odd head reached \$9.50. Most Canners and Cutters commanded \$5.50-7.50 although thin shelly Canners dropped to \$4.50 or below. Sausage bulls moved in a \$7.50-9.50 spread. Good slaughter calves turned at \$11.50-12.00, choice kinds scarce and quotable around \$12.50-12.75. Common and Medium lots turned at \$9.00-11.50 and Culls chiefly \$7.00-8.75.

Stocker calf trade continued the dull and weak trend from last week's close. Good and Choice steer calves claimed \$11.00-13.00, few \$13.50, and Choice heifers reached \$12.00-12.50. A load of Good around 425 lb. yearlings secured \$12.25.

SHEEP: Estimated salable and total receipts 1,200. Trading in the sheep and goat division appeared little changed. Medium and Good fresh shorn aged wethers ranged from \$5.50-6.25. Common fresh clipped ewes made \$4.00 with cull sorts down to \$3.00. Load lots killer Angora goats claimed \$5.00-5.25.

CELEBRATE GOLDEN WEDDING

Mr. and Mrs. W. A. Hardt of the
New Fountain community celebrated
their Golden Wedding anniversary

with a gathering of relatives and
friends at their home on Sunday

May 24th, 1942. Dinner was served
outdoors and the tables were beau-

tifully decorated with gold gladioli
and white Shasta daisies. L. G.

Hardt honored the couple by speak-
ing briefly on their successful mar-

ried life.

Mr. and Mrs. Hardt were married
May 20, 1892, at the New Fountain

Methodist church. They have made
their home on the old place where

the house in which Mrs. Hardt was
born is still standing. Pictures of

the old home and of Mr. and Mrs.

MAN ARRESTED IN AUTO THEFT

Bill Savage, of Oklahoma, who is
alleged to have a long criminal

record, is lodged in County jail in
Hondo awaiting action of the Grand

Jury later this month, according to
information from Sheriff Schuehle.

Savage was arrested Thursday morn-
ing, June 11, at 10 o'clock when he

drove into a filling station at
D'Hanis and ordered the tank filled

with gasoline. The car he was driv-
ing was stolen Wednesday night

from where it was parked in front
of a cafe near the courthouse in

Hondo. Owner of the car is Norman
Wiley of Nixon.

The Ford car reported stolen Mon-
day, June 1, from in front of a cafe

on the highway in Hondo, was re-
covered last week-end. It was found

abandoned near Kerrville. The car
was intact except for a flat tire.

The car thief has not been appre-
hended.

EX-DEVINE MAN DIES IN SAN ANTONIO FRIDAY

Struck by three bullets from a 32-caliber revolver, E. J. Poerner, 47-year-old food distributor, was shot to death at his residence, 730 Florida St., this morning.

Poerner died immediately after two slugs pierced his chest and a third had entered his throat, Lt. John P. Needham, Jr., who led a police investigation, said.

Justice of the Peace, Otis West returned an inquest verdict of suicide.

Mrs. Laura Poerner, wife of the victim, said she heard the shots, ran to her husband's bed and found him mortally wounded.

The gun was found at the bedside, police said.

Poerner recently had been in bad health, Judge West said.—San Antonio Evening News.

Deceased was the oldest son of Mr. and Mrs. Joe Poerner of Devine, had lived many years in San Antonio; besides his widow he is survived by one brother, Adolph, five sisters, Mrs. Sue Cooper, Mrs. Ella Obets, Mrs. Ida Ehlinger, Mrs. Julia Schoon, over and Mrs. Annie Morris. Funeral Sunday at 3:00 p. m. at Zizik-Kearns Funeral Home, Rev. Max C. G. Heinrich of the Zion Lutheran Church officiating. Interment in San Jose Burial Park.—Devine News.

LESTER BOONE

Pledging himself to "an all-out war effort," Lester Boone, Fort Worth Representative, has formally announced his candidacy for the Texas Railroad Commission, and called attention to the fact that it was one of Texas' most vital factors in the war effort. He further pledged in his announcement to attend all commission meetings.

Boone, who is now serving in the Texas Legislature from Fort Worth, sponsored the Omnibus Tax Bill which made possible the payment of old age pensions, teachers retirement pay, aid to the blind, and aid to crippled and dependent children. As a member of the House Military Affairs Committee, he aided in the passage of the Texas Defense Guard Bill, which became a law, thereby giving Texas greater security in the present crisis.

"I pledge an administration of harmony and will cooperate with other members of the commission," Boone said in his announcement. "I pledge myself to an all-out war effort in this vital department of State Government and will attend all commission meetings."

THE OLD FISHING STONE

Along the crystal pool, thick willows
And silver fish are gliding to and
fro,
Now darting up to kiss its face, and
send
The ripples spreading, with their
crinkled flow.

An ancient stone is lodged against
the shore,
Now worn to smoothness, through
the years that brought
The anglers, who have lingered there
before,
And proudly strung the beauties,
that were caught.

A beaten path across the country-
side
Still wanders toward the shadows of
the pool
Where other anglers watch the fishes
glide
Beneath the stone, in waters crystal
cool.

SIXTEEN

There is sunshine every day
And the sky is always blue.
The rainbows chase the clouds away
Just especially for you.

Each morning breaks a cheery sky
For a day full of promise.
The happy hours just skip by
As fleetingly as a first kiss.

One is loving and forgiving
And one's interest is keen;
Life is certainly worth living
When that one is just sixteen.

Our sons and brothers are fighting in distant lands; all of us are sacrificing and laboring side by side with our allies. Our flag and their flags stand united in the cause of liberty and human rights.

Next Sunday we will dedicate our large beautiful U. S. flag during service. This flag brought one of our dear brave heroes home to Castroville in 1918. It was presented to the congregation by Mr. and

COMFORTED

These are the olden hills that I have known,
Each one a monument, a joy to view.
The sumac now is wet with morning dew
Upon the hills where winter wheat has grown.
The apple orchard ground remains unsown
Where long ago soft emerald clover grew.
The sky is all that has not changed
... still blue
Against the "nailed-up" gate the sand has blown.

The things I once thought trivial and small
Now comfort me as I walk down the past;
A mocker singing in the dogwood tree,
A cypress vine beside the garden wall.
If dreams like these could only grow and last
Each sun would bring love's warm soliloquy.

I have a chair. 'Tis mine—an chair,
I love it. I am used to it.
It's getting old, it has seen days,
When I am tired I gladly sit

No other chair seems half so
Ah, yes, 'tis like a dear old friend
I seek it long, I seek it oft.

How wonderful, my easy old chair,
A hollow there to rest my head

What every housewife
should know about
preparing

WAR FARE

★ Almost overnight, homemaking has become a war industry. Building stronger Americans—stronger men and women, boys and girls—is the job.

★ As a wartime homemaker, you can do your part by learning the latest developments of the National Nutritional Program. Information regarding the program is available to help you learn "What every housewife should know about WAR FARE."

★ As your part in the war program the Government wants you to serve your family foods which are high in nutritional value. And if every homemaker will do this, it means a healthier nation—a stronger nation. The Government also wants you to conserve fuel, appliances and materials that are needed for our forces and our allies. The Government wants you to keep your present home equipment in good repair so that it will last for the duration of the war—and even longer.

★ So, come to our office and enroll in the United Home Volunteers. As a member you will receive, without cost, authentic, up-to-the-minute booklets that will show you how to save time and money in your shopping; how to make your household equipment last longer; how to avoid waste of food and fuel; how to plan meals for your family that will meet the Government's recommendations for balanced nutrition. It is easy to become a Home Volunteer—it costs you nothing.
